

WHY
Fellowship?

There is MAGIC that happens

WHEN MEN WHO ARE READY TO
LIVE BEYOND COME TOGETHER.

When we join together in fellowship with one another, we amplify the impact of our courageous and heartfelt actions in the world. We encourage one another to be bold, to step into the scary places and we learn to know and trust that by stepping into life, not away from it, we support necessary healing and recalibration inward and out.

Through fellowship, we remember that much of our suffering, much of our struggle happens in the confusion of trying to figure out right action.

As we hold each other accountable, support one another to look into the hard places and take action when warranted, we exponentially become a powerful force of healing and change on the planet.

We come together to remember our commitment to our most powerful expression.

Standing strong. Standing in kinship. Standing together as the beautiful, courageous, vulnerable, caring, curious men we are is an incredible offering to this world.

Let's come together to be curious and expect (and create!) miracles.

As people. As men. As ourselves.

THAT IS WHY WE COME TOGETHER. WE COME TOGETHER BECAUSE IT MATTERS.
